 - 3. Rally Day
 - (a) Sarah Katherine came to talk with us about assisting with worship planning on Sunday, September 13th which is also Rally Day. Mia and Jessica will be the CE representatives on the worship planning team for that day.
 - (b) Bob had the idea of a “fair” of sorts where different activities and Boards have “tables” up in the Community Room and people can go from table to table to learn about the different education offerings for the year. Breakfast could then be finger foods / continental style so that people can easily eat and move around to explore and socialize.
 - 4. Children's Programming Work Group
 - (a) Megan proposed a work group for the planning of children's activities such as Sunday School and WNL. With this being a work group rather than a Board responsibility, advertisement for joining will go to the entire church. This would be short term but would require more work in July, August and September to get planning and implementation going. Advertising will begin after GC meeting.
